

## Register of Drinking-Water Suppliers 2021, Part Three: Networked Supplies serving fewer than 25 People

Prepared on 1 November 2021

Data represents a Microsoft Excel (spreadsheet) format of the Register Part Three - networked supplies serving fewer than 25 people.

Please note: sources are concatenated if there are more than 1 source for a supply. For example --> Groundwater: Source 1; Surface water: Source 2 (meaning one of the sources is a groundwater and the other is a surface source).
