

Find a submitted laboratory notification

(for all lab users)

This quick reference guide takes you through the steps to find and view a notification made to Taumata Arowai that a drinking water supply test has indicated an exceedance of the Maximum Acceptable Values (MAV).

Options

Once you are logged in to the portal, on the *Notifications* screen you have four options to help you find a previous notification:

1. You can do a text search for a notification. Go to **Step 1.**
2. You can filter notifications by who submitted them. Go to **Step 2.**
3. You can sort the list of notifications. Go to **Step 3.**
4. You can browse through the pages of notifications. Go to **Step 4.**

Once you have found the submitted notification you are looking for you can view its details. Go to **Step 5.**

Do a text search for a notification

Step	What to do
1	<p>You can filter the list of notifications by specifying text that appears in fields shown in the list. You can't search for text that does not appear in the list, e.g. the name of a determinand.</p> <p>To filter the list:</p> <ol style="list-style-type: none"> 1. Enter the text to search for in the search box above the list. You can use the * character as a wildcard, e.g. *1035 will find all notifications with an ID that ends in 1035. 2. Hit <Enter> or click on the <i>magnifying glass</i> to filter the list. <p>You can clear the search results by clicking on the <i>Reset Filter</i> button on the left of the screen.</p>

ta Arowai when the test of a drinking water supply sample indicates that Minimum Acceptable Values have b
listed below. From here you can locate and view a past notification or create a new one.

To search on partial text, use the asterisk (*) wildcard character.

Filter list by who submitted the notification

Step	What to do
2	<p>You can find a notification by filtering to only show notifications submitted by certain people from your laboratory.</p> <p>To filter the list:</p> <ol style="list-style-type: none"> 1. To the left of the list is the <i>Submitted By</i> filter. All active Hinekōrako users from your laboratory are shown here. Click on one or more of their names. 2. Click <i>Search</i>. The list will be filtered to only show notification submitted by those people. 3. You can clear the <i>Search</i> by clicking on the <i>Reset Filter</i> button.

Sort the list

Step	What to do
3	<p>You can sort the list by any field. So you can sort by who submitted the notification, the notification ID, the date submitted (the default sort order), but you cannot sort by the <i>supply ID</i> or <i>supply name</i>.</p> <p>To sort the list:</p> <ol style="list-style-type: none"> 1. Click on the <i>heading of the column</i> you want to sort by. 2. Click again to change the sort order, the arrow on the column heading indicate whether the list is sorted in ascending or descending order, i.e. down arrow for A-Z, newest to oldest, up arrow for Z-A, oldest to newest.
